Student Society (PPIPUM)
University of Malaya
2015/2016 session

TAN YI YANG
President
Dental Society (DENSOC)
University of Malaya
2015/2016 session

First and foremost, we would like to congratulate the organising committee for making this event possible. We would like to extend our most sincere gratitude to all staff and students who have worked very hard behind the scene inspite of their busy schedule.

The scientific conference forms part of the final year elective project before we commence with our final professional examination. It provides us with early exposure to reseach with full guidance from our supervisors. Through this effort, we have learn to appreciate the contributions of all the dental researchers who have significantly contributed new knowledge and discoveries in new techologies and materials that makes dentistry an ever progressive profession.

All the best to the presenters
