

## Publication in Journal of Current Applied Physics (Impact factor: 2.4)

Participants are welcomed to submit their manuscripts to special issue ICFMD2024 in Journal of Current Applied Physics. Please ensure that your manuscript is of high current interest and should fall within the scope of the journal. The topics can include but not limited to the following:

- i. Functional Materials
- ii. Polymer Electrolytes
- iii. Electrochemical Energy Devices
- iv. Nanomaterials
- v. Electro-Active Ceramics
- vi. Magnetic Materials
- vii. Optoelectronic Materials
- viii. Coatings and Corrosion

Your manuscript should be written according to the submission guidelines which can be found on the journal website ( <https://www.elsevier.com/journals/current-applied-physics/1567-1739/guide-for-authors>). The electronic version of the manuscript has to be submitted to the Journal's electronic submission system via <https://www.sciencedirect.com/journal/current-applied-physics> before or latest by **1 January 2025**. Be reminded to select our Special Issue Article type as '**VSI: ICFMD2024**' under the section 'Enter Manuscript Information' during submission process.

All manuscripts will undergo peer review process and decision on acceptance/rejection is solely under the jurisdiction of the Editor. Please ensure your manuscript is of high quality since the Journal of Current Applied Physics has a rejection rate of at least 75%. Further information can be found in the journal website. Feel free to contact journal Current Applied Physics via [cap.journal@elsevier.com](mailto:cap.journal@elsevier.com) or the Executive Guest Editor of this special issue, Professor Dr. Zurina Osman via [zurinaosman@um.edu.my](mailto:zurinaosman@um.edu.my) if you have any queries.
