9TH INTERNATIONAL CONFERENCE ON FUNCTIONAL MATERIALS AND DEVICES ICFMD 2026

27-30 JULY 2026

UNIVERSITI
MALAYA

WELCOMING MESSAGE

You are invited to the 9th International Conference on Functional Materials and Devices (ICFMD) at Swiss-Garden Hotel Melaka, Malaysia. Building on ICFMD's legacy since 2005, this edition brings together researchers, technologists, and emerging scholars to share breakthroughs in functional materials and devices, spark new collaborations, and push ideas forward.

Selected presented papers will be invited for submission to partner journals, with a strong potential for publication in a special issue (subject to peer review and editorial decision).

To conclude the conference experience, participants are invited to join a complimentary specially arranged Melaka Heritage Networking Tour on the final day, offering a relaxed opportunity to connect with fellow researchers while exploring the charm of this UNESCO World Heritage city. We look forward to welcoming you for a conference that's high-impact, highly networked, and genuinely memorable.

SCOPE

This conference promotes open discussion on the latest findings and ongoing research in functional materials and devices.

Topics include (but are not limited to):

1. Energy conversion materials and devices
2. Functional polymers and Ionic Liquids
3. Nanostructures Materials and Nanodevices
4. Bio-materials
5. Electro-active ceramic
6. Theoretical/modelling/computer simulations of functional materials
7. Magnetic materials
8. Optoelectronic materials
9. Piezo and Ferro Electric Materials
10. Liquid Crystals
11. Coatings and corrosion
12. Sensors
13. Nuclear Materials
14. Organic electronics
15. Sustainable technology
16. Smart materials for energy

FEES
