### ABOUT LITEC2019

The International Learning Improvement and Teaching Enhancement Conference (LITEC), 24th to 25th April 2019 in Kuala Lumpur, Malaysia offers a platform for educators, researchers, and scholars to share intriguing research findings, best practices and innovative ideas in teaching and learning (T&L). The general theme for 2019 is **Learning Spaces**, including physical classrooms as well as technology-enhanced and virtual learning spaces.

Whether you are a T&L expert, or a novice educator, LITEC 2019 offers an enlightening and inspiring platform for exchange. Do you have innovative ideas for education? Do you have tried-and-tested strategies for improving student learning or enhancing faculty teaching? Do you have T&L or Learning Space research findings to share? Do you utilize learning spaces in creative ways to inspire and engage students? If you answered yes to any of the questions above, come share with us your experiences and observations! If you answered no, join us and learn from inspiring and transformational educators how to effectively inspire meaningful learning!

UNIVERSITY  
OF MALAYA
